DATE MAILED: 09/03/2003

Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))..... \$665.00
By other than a small entity..... \$1,330.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))..... \$240.00
By other than a small entity..... \$480.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))..... \$320.00
By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Pariza (USPN 6268845) teaches a monitor controller, and a "Universal serial bus", (USB) controller for adjusting monitor attributes in a way desired, and for communicating with the base system respectively. Pariza also teaches a USB hub/peripheral controller providing a communication link via the USB, and discloses a universal host control driver, UHCD.SYS as well as data structures which are built in memory that contain all the necessary information to provide end to end communication.

Huppenthal et al. (USPN 6339819) teaches a computer system with electrically erasable programmable ROMs which can be updated to perform new functions.

In regards to claim 1, none of the cited prior art teaches a device installed in the monitor including a detecting device electrically coupled to the USB for the purpose of detecting & outputting a recording command, "starting device" electrically coupled to the detecting device for receiving as well as transmitting data, "ROM recording command decoder" for conversion purposes, a ROM electrically connected to "ROM recording command decoder" which can be updated according to the address signal, the data signal & erase/read/write signal, and a "recovery device" electrically coupled to the ROM recording command decoder and the starting device for the purpose of determining whether the data stored in the ROM are updated properly.

Art Unit: 2674

In regards to claims 13 and 28 (claim 28 is renumbered as claim 25), none of the prior art teaches a system for updating the function of a monitor, the system including a recording device used for storing and outputting a recording command and recorded data such that the USB signal lines are electrically coupled to the device lines, and the system also including a monitor controller having a monitor in-system programming memory electrically coupled to the USB lines such that the monitor controller is modified according to the recording command and the recorded data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
